

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

The minutes of the officers and council at their meeting on the 13th inst. were read.

Judge Kane, on the part of Dr. E. K. Kane, communicated the thanks of the latter for the aid extended to him by the Society, in relation to the expedition about to sail under his command to the Arctic regions. The preparations having been nearly completed, the vessel will probably be at sea in the course of the next ten days.

Stated Meeting, June 17.

Present, twelve members.

Dr. DUNGLISON, Vice-President, in the Chair.

Dr. Robert M. Bird, a recently elected member, was introduced and took his seat.

Letters were read:—

From the Secretary of l'Ecole des Mines, dated Paris, 4th January, 1853, announcing the transmission of a donation for the Society's Library: and—

A circular letter, dated City Library, New Bedford, May 21, 1853, accompanying the first Annual Report of the Trustees of said Library, and expressing a desire to correspond with other literary and scientific institutions.

The following donations were announced:—

FOR THE LIBRARY.

On motion of Mr. Trego, the City Library of New Bedford was ordered to be placed on the list of correspondents of this Society.

A list of the Special Committees of the Society which have not yet made final reports was read over, and a number of said committees were, on motion, discharged;—to sundry others notice was directed to be given that reports from them are desired by the Society.

Dr. Ruschenberger was appointed in place of Dr. W. E. Horner, deceased, to prepare an obituary notice of the late Dr. S. G. Morton.
